

# CS344: Assignment 4

---

Group number : 2

Tejas Khairnar : 180101081

Pooja Bhagat : 180101057

Parth Bakare : 180101056

Param Aryan Singh : 180101055

There are **4** files which we need to run using **vdbench**. After creating ZFS and ext4 partitions, place **zfs\_compression**, **ext4\_compression**, **zfs\_largefiles** and **ext4\_largefiles** in the **vdbench** folder. Run the following commands one by one:

```
sudo ./vdbench -f zfs_compression
sudo ./vdbench -f ext4_compression
sudo ./vdbench -f zfs_largefiles
sudo ./vdbench -f ext4_largefiles
```
